Dear Initial Patent Examiner:

We were pleased to submit responses as requested in your 03/03/2002 correspondence. Since that time We have had several requests to make the following clarifications to our revised application forwarded to you on April 02/02. If this can be done? It will correct an obvious omission and provide a better understanding of the proposed, but not limited system of key code entry with debit transactions.

- 1. Add page 15 to the contents page.
- 2. Add page 15 clarifying Debit Transactions.
- 3. Add omitted screen # 3 to the top of page 8.

RECEIVED
JUN 1 9 2002

Each page is enclosed for your review and replacement in the revised application dated 03/29/02.

Any new charges, necessary departmental forms or information to incorporate these corrections at this time would be greatly appreciated.

Thank you for your help.

Sincerely yours,
